**Juror task #4 – Read the information contained in packet #4 and complete the following activities**

**In this packet you will find witness statements from the trial of the British soldiers. Three statements were used by the prosecution to try and prove the soldiers guilty. Three statements were used by the defense to try and prove the soldiers innocent.**

**Read over the statements and follow the directions to fill in the charts below.**

1. Read the three witness statements for the prosecution. These people were asked to testify because the colonial government (representing the King) believed they had information to prove the guilt of the soldiers – that they committed murder.

As a juror – what specific piece of information from each witness might persuade you that the soldiers were guilty?

<b>Witness:</b>	<b>Specific piece of information that might persuade you that the soldiers were guilty? Answers will vary, but below are some possible responses.</b>
1. John Cole	“the Captain said...” “I was within four feet of him.” “I saw the People’s arms moving but no sticks.”
2. Benjamin Burdick	Certain the word “fire” came from the soldiers.
3. Robert Goddard	Captain behind soldiers and told them to fire and to fire again.

2. Read the three witness statements for the defense. These people were asked to testify because the lawyers defending the soldiers believed they had information that would prove the soldiers acted in self defense – that they were innocent.

As a juror – what specific piece of information from each witness might persuade you that the soldiers were innocent; that they acted in self-defense?

<b>Witness:</b>	<b>Specific piece of information that might persuade you that the soldiers were innocent?</b>
1. Ebenezer Bridgham	The soldiers were surrounded and attacked; the colonists dared them to fire
2. Jane Whitehouse	The person who gave the order to fire was not the Captain; the soldiers were attacked
3. James Woodall	The soldiers were attacked and knocked down before firing.

## And finally... Juror task #5

**Part 1 - Write a a brief summary (35 words or less) of each argument contained in packet #5.**

### **Argument # 1 – John Adams on why the soldiers were innocent**

#### **Possible response**

The soldiers were innocent because they were attacked before the shooting and only shot in self-defense. The attackers created a riot. Witnesses have testified that the soldiers were attacked. The witnesses included colonists not friendly to the soldiers.

### **Argument #2 – Patrick Henry on why the soldiers were guilty**

#### **Possible response**

The British troops had been sent to the colonies to enforce obedience to British laws that they had no power to make. To enforce the laws that troops probably had to be cruel toward the colonists. On the night of March 5, 1770 the British soldiers killed “our guiltless sons!” It is a shameful story that needs to be retold from generation to generation.
